Star Students

Star of the Week

During classes, we are looking for children who constantly engage, submit good quality work and take any learning challenges in their stride. Whilst we must commend ALL children, there are a few who have been working hard, the following children have really stood out in class this week.

Every week we will be awarding 'Star of the Week' certificates to five students from each class. This will be based on attendance, behaviour and overall academic performance.

Attendance

Attendance Matters!

As you know, we take attendance and punctuality of the children very seriously. Thankfully, in the most part, families also echo this and for that we thank you. Sadly, there are still a small number of families who do not echo the school ethos. Please can I remind you of the importance of children attending everyday unless they really are too unwell to do so. It is also imperative that children arrive on time as learning does start straight away and they cannot afford to miss what is happening at the beginning of the day. As a school we have been looking at punctuality in more depth recently and for some this must improve after the holiday. Please help us help your children.

Thank you for your continued support especially to those who ensure their child's arrival at school is punctual; it really does help everyone concerned.
